IntelliSee®

Pentegra Systems
A Mechdyne Company

YOUR EXISTING SECURITY MADE SMARTER.

70% OF MASS SHOOTINGS OCCUR IN A **COMMERCE/BUSINESS OR EDUCATIONAL ENVIRONMENT**

Is your surveillance helping avoid risk or just an after-the-fact tool? Despite increasing threats, unmonitored surveillance or security personnel viewing an unmanageable number of screens is today's norm.

Proactively address threats by modernizing your existing surveillance with the IntelliSee® AI risk mitigation platform.

A SMARTER, PROACTIVE APPROACH

IntelliSee adds a complementary layer of security to your existing surveillance without adding personnel, disruptive renovations or expensive upgrades.

MONITOR

Simultaneously monitor existing surveillance cameras 24/7/365 to proactively detect multiple risks in real time.

DETECT

Autonomously detect drawn weapons, trespassers, no-shows, slip and fall risks, and more.
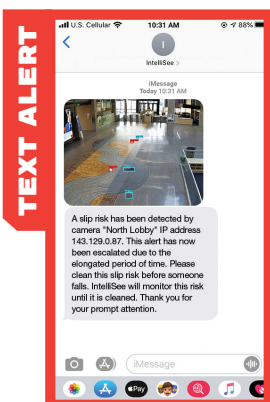

ALERT

Instantly alert your people and systems and provide situational awareness. Continue monitoring until the situation is resolved.
ACT

Free your resources to act quickly – when seconds can be the difference between an incident and a tragedy.

TEXT ALERT

A slip risk has been detected by camera "North Lobby" IP address 143.129.0.87. This alert has now been escalated due to the elongated period of time. Please clean this slip risk before someone falls. IntelliSee will monitor this risk until it is cleaned. Thank you for your prompt attention.

SMARTER SURVEILLANCE

- Works with existing surveillance cameras/systems
- A single platform detecting multiple risks across multiple cameras
- Deep-learning AI with built-in false-positive/negative mitigation
- Customizable, multi-media alerts, including to downstream systems, with continual monitoring and automated alert escalation
- Integrates with VMS, access controls and other systems
- Can't become distracted, call in sick, fatigue or panic

ONE PLATFORM, ONE FEE, MULTIPLE RISKS

IntelliSee detects the root cause of multiple risks, all for a single, simple fee. Capabilities will continually expand providing even more value.

- Clean slip hazards before someone falls
- Aid falls before claims escalate
- Detect weapons before shots are fired
- Stop trespassers before vandalism and theft occur
- Detect no-shows and unguarded areas

MODERNIZE YOUR SECURITY WITH SMARTER SOLUTIONS

- IntelliSee was founded by some of the world's leading virtual reality and AI experts from the University of Iowa Technology Institute.
- We pair technology built for the U.S. Department of Defense with the most advanced GPU technology available.
- Our deep-learning neural network continually evolves as our database of over 30-million frames of incident footage grows.

ALERT-WEAPON DETECTED

PROTECTING WHAT MATTERS MOST

In a world of increasing risks, smarter solutions are needed. Reduce claims, save time and expense, protect your organization's reputation and protect what matters most – people – with IntelliSee. **Smarter surveillance for a safer world.®**
